

West Yost Associates (WYA) is a consulting civil engineering firm specializing in the planning, design, and construction management of water, wastewater, and stormwater projects. Since the firm's formation in 1990, WYA has grown to six offices across Northern California and Oregon.

At WYA, our clients and projects are the top priority for staff at all levels — including firm principals. WYA promises principal involvement to every client, on every project. Keeping this promise results in the high quality work and exemplary client service you have come to expect from WYA.

We are proud to introduce Kevin Swazas as the newest member of our team, who shares our commitment to quality and service.

Kevin Swazas
Vice President/
Construction Management Program Manager

Kevin Swazas, P.E., has joined WYA as a Vice President and Manager of the Construction Management Program. A 27-year veteran of the engineering industry, Kevin brings design, project management, and construction management skills for leading WYA's growing program, and his experience in the water, wastewater, and stormwater fields is a custom fit for WYA's service portfolio. Formerly a Vice President with Psomas, Kevin is completing his role as the Construction Manager on Sacramento Regional County Sanitation District's (SRCSD) \$124 million New Natomas and South River Pump Stations Project, which is part of the District's Lower Northwest Interceptor Program.

In addition to being a Certified Construction Manager, Kevin is a California-licensed Professional Engineer and has a master's degree from the University of California, Davis, in Business Administration. He will be working from WYA's Roseville office.

"Since the firm's inception WestYost Associates has provided inspection services and over the past decade has successfully provided full-service construction management to our clients. Over this time our team has grown organically to meet our clients' needs. Today, we are excited to be in the position to hire Kevin Swazas to lead our construction services group. Kevin's leadership skills, his work experience, and his approach to quality client service are a great fit for WYA and a benefit to our projects and clients,"
— Bruce West, President
