

Vivian Housen Joins West Yost Associates as Vice President and Office Manager

West Yost Associates (WYA) is pleased to announce that Vivian Housen has joined the firm as a Vice President and Manager of WYA's Pleasanton office. Vivian has 20 years of industry experience, designing and managing the construction of multi-agency water and wastewater infrastructure projects throughout Northern California. Prior to joining WYA, she served as a Principal of RMC Water and Environment, as well as Operations Manager for RMC's Walnut Creek office. At WYA she will continue to serve clients with program, construction, asset, and utility management, as well as facility design with a focus on wastewater projects and programs. Vivian has a master's degree in structural engineering from Stanford University and a bachelor's degree in civil engineering from the University of California, Berkeley.

West Yost Associates, Inc., is a successful and thriving consulting civil/environmental engineering firm providing planning, design, construction management, and environmental services for water, wastewater, and stormwater projects for clients throughout California and Oregon. The firm has offices in Davis, Roseville, Pleasanton, and Santa Rosa, California, as well as Eugene and Portland, Oregon.
